

Slim WISC assembly: quick reference

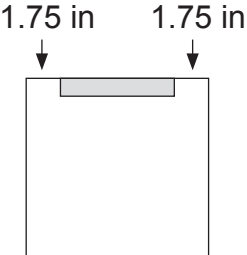

Please watch the video for full instruction: tinyurl.com/slimwisc

Components

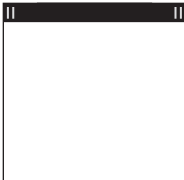

Assembly

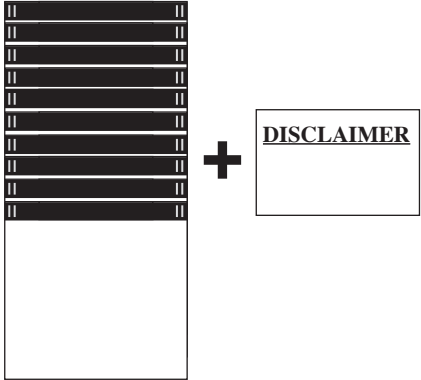

- 

1. Peel film off both sides of plastic
- 

2. Peel backing off foam and center along top edge of mask

Foam should be 1.75 inches in from each side
- 

3. Double staple elastic on both sides close to edge

(do not staple through foam)
- 

4. Package in groups of 10 with a printed disclaimer sheet in a clear bag

Disclaimer sheet PDF is on the laser computer desktop if you need more
